

Arghya Mukherjee

Email: arghyam21@iitk.ac.in — [Personal Webpage](#) — [LinkedIn](#)

Research Interests

Spatial Statistics, Bayesian Nonparametrics, Markov Chain Monte Carlo, Statistical Machine Learning.

Education

2020	M.Sc. in Statistics, University of Calcutta	72.50%
2018	B.Sc. in Statistics, University of Calcutta	72.38%
2015	Higher Secondary, Hare School (WBCHSE)	91.60%
2013	Secondary Exam, Hare School (WBBSE)	90.86%

Research and Professional Experience

Senior Research Fellow, IIT Kanpur Dec 2021 – Present
Working on high-dimensional Bayesian computations. CGPA: 8.78.

Statistical Trainee, ISI Kolkata Dec 2020 – Dec 2021

Associate Fellow, Vidhi Legal Policy Aug 2021 – Dec 2021
Advised on survey design and statistical modeling for policy research.

Summer Intern, IUCAA, Pune Jun – Aug 2019
Project: *Detection Algorithm for Anisotropic Stochastic Wave Background*
Supervisor: Prof. Sanjit Mitra

Teaching Experience

Teaching Assistant, Department of Mathematics and Statistics, IIT Kanpur 2022-

- MTH676: Econometric Theory (Lab instructor).
- MTH422: Introduction to Bayesian Analysis (Lab instructor).
- MTH441: Linear regression and ANOVA (Lab instructor).
- MTH441: Introduction to Time Series Analysis (Lab instructor).
- MTH209: Data Science Lab-2 (Lab instructor).
- MTH208: Data Science Lab-1.

Preprints

- Mukherjee, A., Vats, D.- *Hamiltonian Monte Carlo for (Physics) Dummies (2026) ArXiv.*
- Mukherjee, A., Hazra, A., Vats, D.- *Scalable Bayesian inference for high-dimensional mixed-type multi-variate spatial data (2025) ArXiv.*
- Mukherjee, A., Vats, D., Hazra, A. - *Monte Carlo uncertainty quantification for Bayesian cross-validation (2026+).*

Awards

Junior travel award: - Bayes Comp-2025, Singapore (sponsored by the Bayesian Computation Section, ISBA.)

2nd Prize, Best Paper – International Conference on Recent Advancements in the Techniques of Bayesian Paradigm, Banaras Hindu University (2025).

1st Prize, Poster – National Seminar on Sample Survey, University of Calcutta (2019).

Workshops and Conferences

Invited workshop - "Bayesian Uncertainty Quantification in Large Models", BIRS-2025, CMI, India.

Poster presentation - Bayes Comp-2025, Singapore.

Flash talk - "International Conference on Recent Advancements in the Techniques of Bayesian Paradigm", Banaras Hindu University (2025).

Contributed talk - "International Indian Statistical Association-2024", Kochi, India.

Poster presentation - "International Indian Statistical Association-2022", IISc Bangalore, India.

Honors and Programs

INSPIRE Scholar (2015–2020), Department of Science and Technology, Government of India.

Student Internships:

- MTUSS 2016 – National Board of Higher Mathematics, Government of India.
- DST-INSPIRE Science Camp, Department of Science and Technology, Government of India (2013).
